New Pahokee Grade School Ready In 1966

A new elementary school large enough to handle 750 students will be built in Pahokee and ready for the fall term in 1966, according to an announcement made Wednesday night by the county school board. The school will cost in the neighborhood of \$500,000.00 and in all probability the equipment and furnishings will run the amount in the neighborhood of \$750,000.00.

School Supt. Robert Fulton made the announcement and said that the present school in Pahokee will be used for a junior-senior high school with facilities to be adapted to improve curricula. The cost of the school proposed is in line with accreditation standards for a school to handle 750 pupils. Location of the new school was not pin-pointed by Supt. Fulton but possibilities point to a new location immediately north of the new foot ball field on Larrimore Road. The road is to be rebuilt and will make an ideal location for such a splendid school facility.

The school would relieve the student congestion problem in the Canal Point-Pahokee area, the spokesman said. The present Pahokee elementary school is overcrowded, and is part of the complex of Pahokee senior high, junior high and elementary. It is not for the best in accreditation to have young students mixed with seniors as in the present situation, he said.

The extra classroom space in Pahokee might also mean that fewer Pahokee children will be sent to school in Canal Point. Plans to transfer about 80 pupils to a previous all-white Canal Point School have drawn the fire of many white residents.

Former Resident Graduated U. of Ga.

William W. Elam, son of Mr. and Mrs. W. B. Elam of Glenwood, Georgia and former Canal Point residents, received the Doctor of Philosophy degree in Botany at the June 5 Commencement Exercises of the University of Georgia, Athens. Dr. Elam is a graduate of Pahokee High School and a former resident of Canal Point. He was awarded a 3-year Title IV National Defense Education Act Fellowship in 1961 for work toward the Ph. D. degree. He was elected to Phi Kappa Phi Honor Society for outstanding academic achievement and was elected to membership in Phi Sigma and The Society of the Sigma Xi.

Dr. Elam has accepted a position on the faculty of Mississippi State University, Starkville, as Assistant Professor in the Department of Botany and the School of Forestry. He will begin his duties there beginning July 1, 1965.

Mrs. Elam is the former Nellie DeLoach of McRae, Georgia. They have three children.

VISIT IN ALABAMA

Mr. and Mrs. Cliff Stuart left yesterday for Alabama, where they will spend a week or ten days on a short vacation.

Museum Will Be Protected By Dog

SARASOTA — The Board of Trustees of the Ringling Museums met recently at the Museum of Art in Sarasota and agreed to the purchase of a dog.

It wasn't an ordinary dog, however, but a specially trained police dog for the protection of the Museums' grounds against nighttime vandalism. The dog, to be purchased from the National Police Dog Academy in Moline, Kansas, will roam the Museums' grounds from midnight until daylight of each day.

The Museums have been the target of several vandals in the past who marred and damaged valuable objects of art. The dog, it is hoped, will give alarm in the case of intrusion and serve as a deterrent once it is publicly known that such a guard is on duty each night.

Rainy Season Here And Larrimore Road Work Starts

The summer rainy season — which started officially on June 9 — is here in a big way with regular afternoon summer thunderstorms. And what do you suppose happened this week, now that we are in the midst of the rainy season? Construction work started on Larrimore Road in Pahokee.

A letter on the desk of the editor of this newspaper from the powers that be in the State Road Department in Fort Lauderdale, says that the work of rebuilding this popular road would begin January 25, 1965. Now more than six months are gone and work only started this week.

Official State Road Department signs are on either end of the construction job and one lone dragline was busy on the job Wednesday. We predict that when the contractor, Rubin Construction Company of West Palm Beach, gets the green light from the Road Department things will begin to hum. The Rubin concern is one of South Florida's outstanding contractors and the job will be expedited if rainy weather doesn't cause another delay in orders from the powers that be in Fort Lauderdale.

ON N. Y. BUYING TRIP

Mr. and Mrs. Herman Magrill and family will leave Sunday by plane for New York City where they will spend next week. While there Mrs. Magrill and the children will attend the World's Fair and Mr. Magrill will spend the time buying merchandise for his popular Pahokee Army Store. He just recently completed a new concrete block storage room at the rear of his store.

Mrs. E. F. Weathers and daughter, Pat, of Belle Glade spent the Fourth of July weekend at Lake Worth Beach. They were accompanied by her niece, Aleda Shackford.

Lions Club Makes Few Hundred Cash For Its Sight Fund

The Pahokee Lions club garnered a few hundred dollars in cash from their all-day operation on Monday, the Fifth of July, when they served barbecue on the dike and in the air conditioned Lions club building. Grown-ups shelled out \$1.50 per plate and children were fed for \$1.00. The plate contained half a chicken, baked beans, sweet corn, cole slaw, bread and a drink—a delectable repast for an Independence Day celebration.

Reports from the committee in charge of the day's affair are to the effect that between three and four hundred dollars will be cleared after bills of operating are paid. Out of this money the first hundred dollars will go to help the Chamber of Commerce pay for the fireworks display atop the dike Monday night. The remainder of the money will go in the Club's sight conservation fund.

At Tuesday's meeting of the club Mayor Duncan Padgett became the new program chairman. The mayor talked on city government. He said that several towns plan a get-together to line up those things they want and need during the next 12 months. The mayor thinks that needed improvements at the Pahokee airport could be made and become an inducement for an airline to make it a regular stop.

Steak House Will Close On July 17 For Remodeling

The 441 Steak House in Pahokee will be closed on Saturday, July 17, for the remainder of the month of July while an extensive remodeling program is carried out, according to Mr. and Mrs. Babs Upthegrove, proprietors.

The 441 is one of the most popular eating spots in the Glades and Mr. Upthegrove pointed out that more kitchen room is needed and during the closed period an additional 25 feet will be added. Several more modern conveniences and more equipment will also be added to the kitchen, he said. In the dining room the program calls for a new floor which will be put down during the holiday from serving. Already new drapes have enhanced the beauty of the interior of the dining room and chairs are being reworked to make them more attractive.

ATTEND CONVENTION

Mrs. John H. Kinard and her daughters, Erma Jean and Mrs. Buck Cobb, of South Bay, will attend the State Convention of The Church of God of Prophecy convening in Ocoee, Florida, Wednesday through Sunday, July 7-11.

Tourist Spending Nears 3 Billion

TALLAHASSEE — Total tourist spending in Florida was estimated at \$2,586,387,000 during 1964 by Charles W. Campbell, chairman of the Florida Development Commission. The total showed an increase of \$63,991,000 over 1963, according to Campbell.

Average daily expenditure per person for the estimated 14,484,692 tourists in 1964 was \$15.76. Comparable figures in 1963 were \$14.80 per person for 14,208,279 visitors.

Of all the dollars tourists spent in 1964, 23.58 per cent went for lodging and another 18.26 per cent for food and drink in restaurants, night clubs and taverns. The next largest percentage, 12.84, was for amusements of various types.

Junior College Bus From Glades To Start August 16

A recently purchased 72-passenger bus will be in operation from the Glades this coming term to Palm Beach Junior College beginning on August 16. The schedule calls for the bus to start its pickup in Canal Point at the elementary school at 6:10 a. m. and return to that point at 6 p. m.

Pick-up by the bus is as follows:

6:10 a. m. Canal Point Elementary School; 6:20 a. m. Pahokee High School; 6:25 a. m. East Lake High School; 6:55 a. m. Belle Glade High School; 7:00 a. m. Lake Shore High School; 8:15 a. m. arrive at Palm Beach Junior College.

The return trip to the five pickup points is:

3:45 p. m. Leave Palm Beach Junior College; 5:00 p. m. First drop off (Lake Shore); 5:05 p. m. Second drop-off (Belle Glade); 5:35 p. m. Third drop off (East Lake High School); 5:40 p. m. Fourth drop off (Pahokee); 5:50 p. m. Fifth drop off (Canal Point); 6 p. m.

The bus will not arrive at Junior College until 8:15 a. m., so students are cautioned not to schedule any 7:30 a. m. classes. The bus will leave the campus on the return trip at 3:45 p. m.

ATTEND BAPTIST ALLIANCE

Mrs. Paul Rardin and her aunt, Mrs. Mae Seckinger of Glenville, Ga., spent last week in Miami where they attended the Baptist World Alliance. Following their return to Canal Point Wednesday they went to Daytona Beach for a few days with Mrs. Rardin returning to Canal Point yesterday, and Mrs. Seckinger continuing to her Georgia home.

CIRCLE WILL MEET

The Ione Patterson Circle of the Canal Point Baptist church will meet next Monday afternoon at 2:30 o'clock at the church with Mrs. W. A. Baker as hostess.

Pahokee And Canal Point Have Only 1 Mail Out Each Day

Pahokee and Canal Point have about the same kind of outgoing mail service today that they had 40 years ago when mail went and came by boat on the West Palm Beach Canal. High officials in the post office department have eliminated the morning outgoing mail from both offices and now the only mail out of either office is between 5:30 and 6 p. m. each day.

Heretofore Canal Point and Pahokee enjoyed a morning mail in and a morning mail out with another mail coming in at noon and leaving around 5 p. m. Now the former noon mail comes in at 4:30 p. m. to the Canal Point office with the outgoing mail being dispatched at 5:40 p. m. The morning mail comes in at 8:30 a. m.

Belle Glade is more fortunate than the two towns in the Upper Glades. That city still has its two mails in and two mails out per day.

A sectional center recently set up in West Palm Beach is supposed to better service to mail patrons and bring about overnight delivery anywhere in the state. If the group in charge of the new "center" has to cut service to all towns like they have in Canal Point and Pahokee to provide overnight service in the state, we can't see the advantage of the new deal.

Huge Donation To Baptist College

Campaign officials of the new Baptist-sponsored college to be built in Palm Beach County were elated this week over the announcement of a \$100,000 gift from a Palm Beach couple.

The gift from Mr. and Mrs. William T. Wakeman pushed the total raised to \$467,000. The Palm-Lake Baptist Association is raising \$1,500,000 to build the new institution.

Sen. Fred O. (Bud) Dickinson, Jr., chairman of the college campaign called the contribution "a most generous and significant contribution and it will undoubtedly be the forerunner of similar contributions."

Dr. Jess Moody, chairman of the College Committee who announced the contribution, said, "We are delighted that Mr. and Mrs. Wakeman have contributed so generously to the campaign. The pledge has been earmarked for a 'Department of American Studies.'"

In making the contribution Mr. and Mrs. Wakeman said, "We are most interested in private education and the fact that there will be no government encroachment in the operation of the college."

Mr. and Mrs. John Rogers had as their guests Sunday her sister, Maud Collins and grandchildren, Jeffery and Ronnie Brown, of Hialeah.

City Products Now Leads The League

League-leading City Products won Glades Fast-Pitch Softball League games from I. A. M. Local No. 57, 4-3 in eight innings, and Rashley's Dry Cleaners, 10-0 in an abbreviated contest that was halted in the sixth inning with the 10-run rule being exercised, to increase their lead over the nearest competition, Rashley's, to three full games.

Alvy Early drove a line drive home run over the centerfield fence in the eighth inning to lift City Products over I. A. M. 4-3, after Phil Bonnell had dramatically tied the game in the seventh inning with a clutch home run. Jim Tyson had given City Products a 2-0 lead before anyone was out in the first inning with a two-run homer, but an error-plagued fourth inning put I. A. M. out front 3-2 until Bonnell's blow in the seventh. Losing pitcher, Perry Rigdon (0-2), only allowed one hit from Tyson's homer in the first until Bonnell and Early connected in the seventh and eighth. Bonnell struck out a

record 18 batters and only gave up only a double and single to record his tenth pitching victory.

Second place, Rashley's Dry Cleaners battled City Products on even terms for four innings Saturday night and then the Icemen bombed Earl Vann for ten runs in the fifth and sixth and the game was halted in the middle of a rally because of the 10-run rule. Buddy Lampi singled in the first two City Products runs, Jeff Barwick drove in another, and Alvy Early hammered a three-run homer to put icing on the cake for Bonnell as the big righthander struck out eight more hitters to give him 124 for the season and push his record to 11-1. This was the third time in as many games that the Icemen have beaten their second place challengers.

Loxahatchee's Prison Farm snapped a 3-game winning streak for Glades Chevrolet, 13-12, narrowly holding on after at one time leading 12-0, to move into fourth place. Glades Chevrolet bounced back with an 11-3 pasting of I. A. M. to drop the Local 57 team to fifth place. Fred Kemp drove in two runs, as did winning pitcher Junior Meadows with a triple helping move his pitching record to

6-5, the second most wins in the league.

The Standings:

	W	L	GB
City Products Corp.	12	1	
Rashley's Cleaners	9	4	3
Glades Chevrolet	6	7	6
Prison Farm	4	8	7½
I. A. M. Local No. 57	2	7	8
Geneva's Drive-Inn	4	10	8½

Tampa Port Gains Phosphate Tonnage

TAMPA—Potash—once a tiny grain in the over-all picture of tonnage for the Port of Tampa—is rapidly becoming an important part of the port's import tonnage volume.

In previous years, except for a small tonnage that moved into Tampa by barge for local fertilizer plants, most of the potash was shipped by rail to Florida from the Carlsbad, New Mexico, area.

Thanks to a move by International Minerals and Chemical Corp. (IMC), a terminal arrangement has been concluded with the Tampa Stevedoring Co. and the Duval Co., through their subsidiary, the Ashcraft-Wilkinson Co., and a potash terminal has been established at River-Gulf Terminal

at Hookers Point.

As a result of this move, potash imports by water into Tampa has increased from 25,000 tons in 1963 to more than 100,000 tons in 1963. And, the picture for 1966 looks even better. The Potash Company of America is near an agreement with Pate Stevedoring Co. for the coming fertilizer year.

Potash import tonnage is expected to pass the 150,000 tons a year mark by July of 1967.

Airlines In Fight Over Fla.-N. Y. Line

MIAMI—The fight over a third commercial airline in the Florida-New York market, will be renewed in Washington July 8 when the Civil Aeronautics Board has set the case for a prehearing conference.

At issue will be the routes now served by Northeast Airlines from Florida to New York, Washington, Philadelphia and New England.

In addition to Northeast, several other airlines are expected to offer to serve the market. Braniff is after the New York to Florida route. Delta, TWA, United and Northwest, all presently serving Florida on routes to places other

than New York, will file application according to reliable sources.

The start of the new proceedings returns to life a struggle that has been going on since 1963 when the CAB refused to renew or make permanent a temporary five-year certificate granted Northeast in 1956.

Meanwhile Eastern and National never ceased trying to get Northeast out of the market, asserting that three airlines are one too many for the New York to Miami service.

HOSPITAL PATIENTS

Patients at the Everglades Memorial Hospital this week are:

Louise Devane, Christine Trussell, Pat Gandy, R. J. Sizemore, Linda Prescott, Juanita Davis, Pearl Agner, Mary Hand, and Linda Dixon and son.

Mrs. Helen McNeal recently returned to her home in Fayetteville, N. C., after six weeks with her sister and brother-in-law, Mr. and Mrs. R. D. Howard, in Pahokas.

Mr. and Mrs. H. L. Pitts will have as their guest next week her brother, Sgt. Alvy Aldridge and family of Germany.

A message from the Treasury of a free people

Each of the seven denominations of Series E Savings Bonds shows a different President of the United States. If you're interested in this kind of art, the seven make a nice collection.

Along with the hobby, Savings Bonds offer such extras as riskless investing, 3½% more money at maturity, and financial freedom for your future.

But there are other kinds of freedom tied in with your purchase of Savings Bonds: Freedom to speak your piece, choose your job, and own your property, to name a few. Every Bond you buy helps our government further the cause of freedom everywhere in the world today.

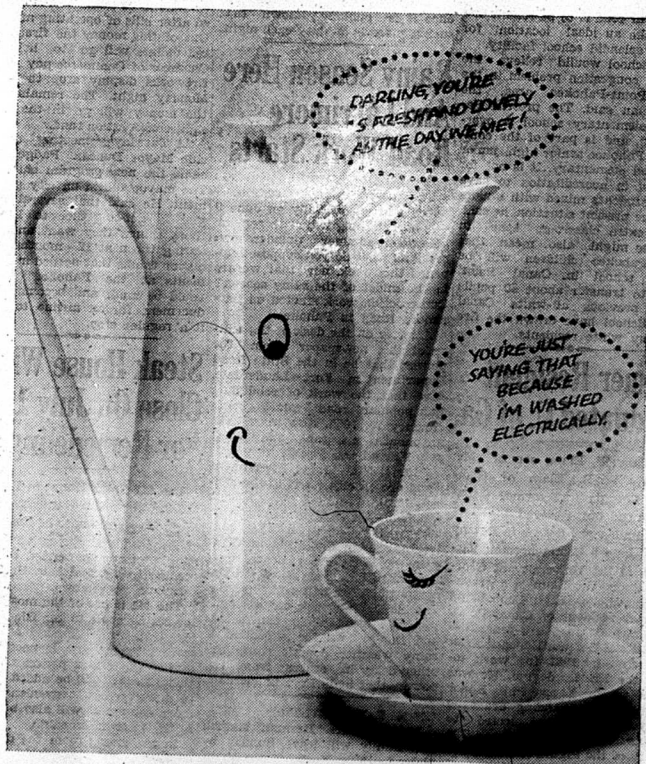

Why not start collecting U. S. Savings Bonds now? Only \$18.75 each for the George Washington variety, at your bank or on Payroll Savings where you work.

Keep freedom in your future with

U.S. SAVINGS BONDS

The U.S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this newspaper for their patriotic donation.

Ask any woman who owns an electric dishwasher. She is so proud of it — and rightly so! An electric dishwasher ends forever a drudging chore. Washes, rinses, and dries automatically (even pots 'n pans). She can join in family fun while everything gets done... better, cleaner, and more sanitary than ever possible by hand. Safeguards family health! Saves an hour a day... and hands stay levelier, too!

AN ELECTRIC FOOD WASTE DISPOSER

foams up perfectly with the dishwasher for a tidier, cleaner kitchen. With electricity cheaper than ever, it's so easy to enjoy them both.

THERE'S NO MATCH FOR FLAMELESS ELECTRIC LIVING.

See your appliance dealer or plumbing contractor now.

FLORIDA POWER & LIGHT COMPANY HELPS BUILD FLORIDA

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{4}\%$ for the first year and a half, then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000, and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

YOU SAVE MORE THAN MONEY WITH U. S. SAVINGS BONDS

The U.S. Government does not pay for this advertising. The Treasury Department thanks The Advertising Council and this publication for their patriotic donation.

PAUL RARDIN, Publisher

PERSONAL NEWS NOTES

Mr. and Mrs. Thor Hatton, Mr. and Mrs. Charles Story, Mr. and Mrs. Lewis Pope, and Mr. and Mrs. William Hatton spent the Fourth of July weekend in Daytona Beach attending the fireworks and races.

Mr. and Mrs. George McElhenry had as their guest over the weekend their son, George, Jr., from Emory University in Atlanta.

Tommy McElhenry and Paul Cruthird left this week for a visit with Paul's parents, Mr. and Mrs. Cleve Cruthird, in Illinois.

Mr. and Mrs. H. L. Pitts are expecting Mr. and Mrs. Douglas Blackwood of Las Vegas next week.

Dr. and Mrs. Charles Sears and family were the guests of his parents, Mr. and Mrs. Harlan Sears over the weekend.

Mr. and Mrs. Angus Sims and family of Canal Point spent the Fourth of July weekend with relatives in St. Petersburg.

Mrs. Nancy McCarley has left for Girl Scout Camp at Jupiter where she will be the camp nurse for two weeks.

NOTICE OF INTENTION TO REGISTER FICTITIOUS NAME

Notice is hereby given that the undersigned, under the provisions of Chapter 20,953, Laws of Florida, Acts of 1941, will register with the Clerk of the Circuit Court, in and for Palm Beach County, Florida, upon receipt of proof of publication of this notice, the fictitious name, to-wit:

SOUTH BAY FLORIST

Under which I am engaged in business in South Bay, Palm Beach County, Florida. That the party interested in said business is Sadie Barwick. That the firm name is South Bay Florist.

To be published once a week for four successive weeks in a newspaper of general circulation in Palm Beach County.
Pub.: July 2, 9, 16, 23, 1965

Mr. and Mrs. Thor Hatton were the recent guests of Mr. and Mrs. Jay Salvatore in Ft. Pierce.

J. L. Humphrey, Sr., left Thursday for Alamo, Georgia, for a few days where he will join Mrs. Humphrey. They will attend a family reunion there. He was accompanied by his granddaughter, Theresa Weathers.

Mrs. Lester Holmes had as her guest last weekend her sister, Mrs. C. A. French, of Ft. Myers.

Kathy Maxson of Canal Point is in the Good Samaritan Hospital where she underwent surgery.

Mr. and Mrs. Elmer Jones will have as their guests next week their daughter and children, Mrs. James Bailey.

Children Lawrence Stewart and children have gone to visit her mother in Cocoa for two weeks.

Mr. and Mrs. J. T. Miller and children have returned home this week after two weeks stay at the beach.

Mrs. Dorothy Shackford and family will have as their guest for two weeks her nephew, Billy Frasure of Carroway, Ark.

Mr. and Mrs. M. H. Baxter have returned home after a visit with relatives in Carlton, Alabama.

Charise Dermody is spending a month with her grandparents, Mr. and Mrs. Dermody, in North Carolina.

Guests over the weekend of Mr. and Mrs. Homer Barnes, were her daughter and son-in-law, Mr. and Mrs. Kenneth Johnson of Atlanta. Accompanying them home were Bruce and Reid Sears of Ft. Pierce.

Mrs. Ruth Hatton of Ft. Pierce was the recent guest of her son and daughter-in-law, Mr. and Mrs. Thor Hatton.

At home from a vacation tour of Florida are Mr. and Mrs. Harold Lang.

Mrs. H. L. Pitts and family spent two days in Key West recently.

Mrs. B. Elliott and children have returned to their home in Tallahassee.

Mr. and Mrs. George McElhenry were called to Jacksonville by the death of his sister.

Mr. and Mrs. David Kelly and grandson of Jacksonville were the weekend guests of Mr. and Mrs. Sam Scruggs, Sr. They were accompanied home by Mrs. Susie Williams, Mrs. Scruggs' mother, who has visited here for two weeks.

Mr. and Mrs. H. L. Pitts had as their guest her sister, Rose Aldridge, of Fort Worth, Texas.

Mr. and Mrs. R. D. Howard and son, Doug, spent the weekend with Mr. and Mrs. Don Weir and family at Ft. Myers, Fla.

Mr. and Mrs. B. C. Sims are vacationing in Georgia and the Carolinas.

Wilma Jean Waldron To Wed J. L. Brown

Mrs. Grace Waldron of Canal Point announces the engagement, and approaching marriage of her daughter, Wilma Jean, to Jack Leroy Brown, son of Mr. and Mrs. Gideon H. Brown, of Clewiston.

Miss Waldron attended Belle Glade and Melbourne High Schools and was graduated from Forest Hill High School in 1963. She also attended two years of Palm Beach Junior College majoring in art and Home Ec.

Mr. Brown is a 1961 graduate of Clewiston High School. He is now employed by the United States Sugar Corporation.

The wedding is set for 8:00 p.m. Friday, July 23, at the First Baptist Church of Pahokee.

No invitations are being sent. All friends of the couple are invited to the wedding and the reception immediately following.

Stetson School Of Law Is Expanded

ST. PETERSBURG—A \$750,000 expansion program at the Stetson University College of Law in St. Petersburg has been approved by the university board of trustees.

Stetson President J. Ollie Edmunds said work on construction of an administration building and a classroom building will start in January with completion expected in September of 1966. Each building will cost approximately \$375,000, he said.

Beginning at mid-year graduation in 1965-66, students graduating from Stetson College of Law will receive jurist doctor degrees instead of bachelor of law degrees. Edmunds said this change was authorized by the Stetson trustees and is in line with a trend among the American Bar Association-approved law schools throughout the country.

Asolo Theatre To Have New Program

SARASOTA — Tomorrow evening (July 10) at 8:30, the curtain will rise on the opening night performance by the Asolo Theatre Festival company of Oscar Wilde's "The Importance of Being Earnest."

Considered by many to be the finest farce comedy in the English language, the play was an immediate success when first produced in London in 1895. Before the opening night of the play, Oscar Wilde commented to a reporter: "The play is a success. The only question is whether the audience will be a success."

The Festival's production is being directed by Dr. Arthur Dorag, co-director of Theatre at Florida State University and general director of the Festival for the first three years of its existence.

Of "The Importance of Being Earnest" Dorag says: "Most important is the simple fact that the play is excruciatingly funny and

our primary aim is to demonstrate this fact. Since the advent of the Theatre of the Absurd, the absurdities in England appear peculiarly timely, especially in its view of society and the world in general. We hope that our audience will recognize we are doing something similar to Theatre of the Absurd."

Rogers Likes Idea Of New State Plan

WASHINGTON, D. C.—The following is the text of a statement made by Congressman Paul G. Rogers on the redistricting action taken by the Florida State Legislature:

"The Florida State Legislature is to be highly commended for their equitable redistribution of Florida's 12 Congressional Districts in line with the state's population. The people of South Florida should particularly congratulate our area delegations to Tallahassee for their successful efforts to secure an additional District.

"By dividing the present Sixth District, Florida's largest, into a new 9th and 10th District, the Legislature has recognized the rapid growth of South Florida.

"I have enjoyed a lifelong association with the people of Broward County, and hope to maintain this fine relationship in the future even though it will not be my privilege to represent Broward County in Congress after 1966.

"The new 9th District, which will include my home county of Palm Beach, is to be made up also of Martin, Glades, Hendry, Collier, and Lee which I have had the pleasure to represent for 12 years; and St. Lucie, Indian River, Okeechobee and Charlotte, which I served for 8 years prior to 1962. Having worked closely with the counties to be included in the new 9th District for so many years I know it is a dynamic area of great importance to Florida's progress, and I look forward to continuing my close association with all my many friends in this area."

Announcing The OPENING —of— SOUTH BAY FLORIST

60 NW 1st St.
South Bay

I will be happy to see
my old friends.

Canal Point, Florida

A message from the Treasury of a free people

How to speak out for freedom today

Free men have never gone in much for silence. Even before the first thirteen States became United States, men were speaking for freedom loud and clear.

Today Americans speak out for freedom many ways—in Congress, in local government, in neighborhood activities. Some speak out for freedom in other languages, in other lands. And millions of Americans speak out for freedom every time they buy U.S. Savings Bonds.

Every Savings Bond you buy is an investment in freedom. While you're saving money for your

own family's future, you're helping Uncle Sam tend to the business of keeping men free today.

Perhaps you don't speak out for freedom in the same tone of voice when you buy a Bond as Patrick Henry did in his famous speech. But you speak every bit as surely. And every bit as proudly.

Why not speak out for freedom now? Buy Bonds at the bank or on the Payroll Savings Plan where you work.

Keep freedom in your future with
U.S. SAVINGS BONDS

FSU Selected For Improved Courses

TALLAHASSEE—Florida State University has been selected as site for a research center to study and improve science and mathematics instruction at the college level.

To be called the Center for Research in College Instruction of Science and Mathematics, the Center will devote its efforts to improvement of undergraduate teaching in science and mathematics and to exploration of the emerging interdisciplinary fields which are becoming increasingly important in the undergraduate curriculum.

Prof. Russell H. Johnsen of the Department of Chemistry at Florida State recently was appointed to the board of the proposed center. The appointment was made by an interim organizing committee established at a meeting of science and mathematics professors in New Orleans last year.

This meeting was called by the Commission on Undergraduate Programs in Mathematics, the Commission on College Physics, the Advisory Council on College Chemistry and the Commission on Undergraduate Education in the Biological Sciences.

Universities participating in planning the center include the Universities of Oklahoma, Maryland, Georgia, Florida, North Carolina, and Vanderbilt University, North Carolina State University, Georgia Tech, Tulane University and Florida State. There are 18 universities in all participating.

Several of these universities were visited by the site committee, including Florida State on May 1. The selection of FSU was based on Florida State's strong science and mathematics programs, its interest in research to improve teaching techniques, the presence of departments offering doctorates in fields with which the Center will be concerned, the University's Computing Center and the consideration given Tallahassee as "a good town in which to live and bring up a family."

ZELLWOOD SEASON ENDING

The sweet corn season in Zellwood near Orlando is fast coming to an end. Next Tuesday will see the final shipments for this season, according to several local harvesters who have been up there on the present corn deal.

Mr. and Mrs. Bill Moss and family have returned from a vacation at Lake Worth Beach.

Former Local Girl Melts Audience

A feature story in the Montgomery, Ala., Advertiser, has many interesting highlights about a Girl Scout meeting which was presided over by a former Canal Point girl, Mrs. Jordan D. Walker—the former Miss Gloria Stuart, daughter of Mr. and Mrs. Cliff Stuart.

The writer of the story pointed out how many parents were in attendance because they felt it a duty to be there. He also told of how cold the reception was when Mrs. Walker stepped to the lectern to start the meeting. So uninterested were the folks in attendance and so austere the gathering that one man later told his wife, "At the beginning the odds were so against her that I expected any minute to see Mrs. Walker just break down in tears and dash out the door." Now, let the Montgomery writer take over and tell the story:

"She did no such thing. Instead, she smiled and started talking, smiled and got the program through its awkward beginnings, smiled until she got the girls and fathers involved in silly party games such as a relay race involving sitting on balloons and popping them.

"Before you knew it, everybody there was relaxed, and laughing; whooping and hollering and having one fine time! Father and

daughter alike, they were wandering with Dagwood, "Why don't we do this more often?"

"Gloria Walker probably is typical of the best among Girl Scout leaders. She has managed with the same aplomb the thousand crises which have come up during the past year's work: in meetings, on camping trips or tours to this place and that.

"Most of these leaders, no doubt, got into Scout work reluctantly, and on assurances that there would be a lot less toil than there really is, and that they would have a lot more help than they really have. But once in, and with their little band of girls depending on them, they do the best they can. It is good enough."

Will Raise Funds Teen Town Facility

Nine beauty operators have banded themselves together in Belle Glade in an effort to raise funds for a Teen Town facility. In order to raise cash for the project the operators have scheduled a hair style show to be held at the Holiday Inn, Sunday at 3:30 p. m. Forty area models will be used by the operators with the youngest one being three years of age. Admission to the event will be \$1.00 per person.
